

Dinner in the Stables

Racing Royalty, Reimagined

As dusk settles over Flemington, the working stables transform.

Lanterns flicker. Candlelight dances against timber beams. Soft music hums through the space. What by day is rhythm and preparation becomes by night an intimate, atmospheric dining salon.

Long tables are styled with understated elegance - linen, polished silver, glassware that glows under warm light. The menu is generous and refined, curated to honour the tradition of racing hospitality: premium seasonal produce, beautifully plated, paired with exceptional wines and Champagne.

This is dinner with soul. Grounded in history. Elevated in execution.

PERFECT FOR: Board dinners, luxury client hosting, milestone celebrations, leadership incentives

WHY IT'S EXTRAORDINARY: Few will ever dine inside the very space where champions prepare. The intimacy, the scent of timber, the proximity to racing's heartbeat – it is raw, romantic and undeniably powerful.
